"Art from the Heart" Winning Helmet Sold at Mecum Motorcycle Auction!

The final helmet from the "Art from the Heart" campaign to benefit **Curing Kids Cancer**, was auctioned off at the Mecum 33rd Annual Vintage & Antique Motorcycle Auction at the end of January. This special helmet, painted by George and Frank from **Havana Kustoms, Inc.**, was previously auctioned at Mecum Motorcycle Auction 2023, in Las Vegas, and bought by Mike Wolfe from American Pickers. Mike generously donated the helmet back so it could earn even more money for **Curing Kids Cancer**. It was auctioned off a second time at Mecum Indianapolis in 2023. **Motorcycle Safety Lawyers® (MSL)** bought back the helmet in Indianapolis, but felt that it still had the potential to earn more money for **Curing Kids Cancer**, so MSL put it up for auction again at Mecum in January, 2024.

At the January Mecum Motorcycle Auction, the helmet sold for **\$20,000** to one lucky bidder. To date, this very special helmet has earned a total of **\$37,600** for **Curing Kids Cancer**. What a monumental achievement!

The "Art from the Heart" campaign was a collaborative effort of several people including **KIRSH Helmets, Motorcycle Safety Lawyers® (MSL), Motorcycle Knuckle Busters** and **Curing Kids Cancer**. But this could never have been as successful as it was without the support of the entire family at **Mecum Auctions**.

All of us at **Motorcycle Safety Lawyers®** were so honored to be able to support this project. It's been one heck of a ride, and this journey is one that none of us will ever forget. To know that every bidder and person who donates to this cause is helping make monumental advances in research to help prevent and cure pediatric cancer is amazing. God Bless You!

Grainne Owen, Curing Kids Cancer with "Vegas" and "Jeannie" at Mecum. This one helmet raised a total of \$37,600 for Curing Kids Cancer

Thank you to George and Frank from Havana Kustoms, Inc. for painting this special helmet.

Mecum Motorcycle Auction – The Hottest Place For Cool Bikes!

Motorcycle Safety Lawyers® (MSL) had a great time at the Mecum 33rd Annual Vintage & Antique Motorcycle Auction January 24-27, 2024. We made some new friends, saw some hot bikes, and continued to help support our friends at **Curing Kids Cancer**.

Leslie James, Purple Haze Kustomz, was there with his 1984 Harley-Davidson Shovelhead Digger Chopper, which went on the auction block Saturday afternoon and was successfully sold! This bike had an interesting back story. It was built in 1978 by David Perewitz on an Arlen Ness Digger Frame. The paint colors of the bike were inspired by Roman Polanski's Rosemary's Baby, where one of the actresses had on a blouse with the exact colors that set the theme for the bike including Voodoo Purple and Oriental Blues. This custom bike has made quite a few appearances and won several awards including:

- Cover bike of Street Chopper Hot Bike magazine in May 1983
- Appeared on "Miami Vice" in the 1986 Episode "Better Living Through Chemistry"
- Best in Show at the World Famous Buffalo Chip
- First place in Radical Custom class at the 35th Rat's Hole Bike Show at the Chip
- Cycle Source Magazine pick at the Old School Chopper Show at Full Throttle Saloon.
- American Graffiti award at Sasha's Cycles Bike Show in Downtown Sturgis
- Invited to the King of Customs Show at the Buffalo Chip
- First place at the 1998 J&P Promotions indoor bike show
- Second place at the 1998 Black Death Bike Show
- Second Place Radical Custom at the 1998 State Line Swap
- 2010 Chicago Bike Show 2nd Place Shovelhead Full Custom

We hope the next lucky owner is as happy with this Chopper as Leslie James was and look forward to Leslie's next rebuild.

Main Street Moto Hosts 2nd Annual Industry Party

After the recent American International Motorcycle Expo (AIMExpo) in Las Vegas, Tara Pierce, from **Main Street Moto**, hosted the **2nd Annual Moto Industry Gathering**. It was an event where many of the motorcycle industry “superstars” had an opportunity to meet and greet in a friendly, relaxed setting.

The **Moto Industry Party** was attended by motorcycle enthusiasts and some powerhouse women riders. It was a great opportunity to get together, share stories, hang out, do a little networking, meet Tara, and check out the shop. What a great way to welcome these guests and say Thank You for their contributions to the Motorcycle Community.

Upon entering the event, you were greeted, took a photo in the photo booth, and then explored each room where you found great food, drinks, and old friends that you hadn't seen in awhile. It was fun to reconnect with everyone.

Main Street Moto is a retro boutique motorcycle dealership. They offer a combination of all makes and models including “eclectic” motorcycles, parts, accessories, service, art, and riding gear. In addition, Steve McNulty has incorporated his **Dyno Tuning** business at this location. Steve grew up riding dirt bikes and has over 20 years as a master mechanic and bike builder and has brought **Las Vegas Dyno Tech** into Main Street Moto.

Motorcycle Safety Lawyers® would like to thank Tara, Dennis, Steve, Penny, Marilyn, Shannon and Jill for their hospitality and contributions to pull this great event together. We all had a wonderful time!

Sturgis Buffalo Chip Awards “Spirit of the Chip” Trophy at AIMExpo

AIMExpo and the Sturgis Buffalo Chip joined forces to bring the “Spirit of the Chip” to the 2 Wheel Custom Showcase during the show. The 2 Wheel Custom Showcase, curated by bike builder Kevin Dunworth, featured bikes from 10 of the top bike builders from across the country.

The lucky winner was MajikMikeDesigns who was awarded the “Spirit of the Chip” trophy. Rod “Woody” Woodruff, president and CEO of the Legendary Sturgis Buffalo Chip was the judge. The winner best captured the spirit of the Buffalo Chip and the custom motorcycle culture it represents. Congratulations to all builders who participated in the contest this year.

Motorcycle Safety Lawyers® looks forward to seeing everyone at The Buffalo Chip this year for the Sturgis Rally.

Preparing Your Motorcycle For Riding Season

As soon as the snow clears and the salt is washed away, those of us in the Midwest are beginning to think about riding again. But before you get on your bike, here are a few pre-season inspection tips to help ensure you and your bike are ready to ride.

Inspect For Problems – Do a visual inspection before that first ride. Start with a thorough washing. Now that your bike is clean, it will be easier to spot any issues.

Check Your Tires – Look for cracks or cuts in the sidewalls or tread area. Check the tread depth. Look for uneven tread wear and check the tire pressures and re-inflate them to the proper levels.

Check For Worn Brake Pads And Rotors – Look for signs of wear at the edge of the pad between the brake caliper and rotor. On rotors, look for a lip or ridge on the outer edge of the rotor beyond the brake pad contact surface. Also, replace if the rotor surface itself shows visible grooves or scoring.

Check All Lights – Make sure head lights (high and low beams), tail-lights, and turn signals are all in working order. Check for cracked or damaged lenses.

Check Your Instruments Panel - Make sure that all your gauges and warning lights are working properly.

Look For Fluid Leaks – Check for leaks around the engine. If the surface is wet and oily, consider having it looked at by a qualified mechanic. Inspect the brake and clutch master cylinder housings for any leaks. All engine casings, cover seams, and fittings should be oil free (although with age you may see some seeping).

Inspect The Body – Make sure fenders are secure, fairings are properly attached, and mirror mounts are tight and adjusted

correctly.

Perform Any Scheduled Maintenance – Check your owner's manual for service recommendations. Seasonal maintenance may include:

- Oil and filter change
- Engine tune up, spark plugs, fuel filter, fuel injectors, and air filter
- Inspect clutch and brake fluid levels and lines. Top-up fluids
- Check battery and charging system
- Lubricate drive system. Clean and lubricate chain. Lubricate bearings, swing arm, suspension pivot points, and steering and fork.

Check Your Riding Gear – Does everything still fit correctly? It is recommended to replace helmets after 5 years of use. If your helmet has been dropped or been in a crash, it should be replaced, regardless of its age.

Get your FREE Insurance Policy Review -Do you have the proper coverage to provide for you and your loved ones in the event of an accident? Email a copy of you declaration page to David@MotorcycleSafetyLawyers.com or call David at (224) 392-1600 for a **FREE** review.

Take A Test Ride – Start with a short distance ride. Practice your basic skills. Pay attention to how your bike accelerates, shifts, corners, and stops.

Let's Ride! – You are now ready to ride. Get out and enjoy!
