Biketoberfest In Daytona Beach!

This year's **33rd Annual Biketoberfest** took place October 16th-19th in Daytona Beach, FL. The four-day motorcycle rally keeps attendees busy with concerts, scenic rides, motorcycle shows, and of course the iconic Main Street. It is estimated that 100,000 motorcycle enthusiasts attend this annual event. The **Bike Show Mafia** held its **All Class Bike Show** at Teddy Morse's Destination Daytona on opening day, October 16th. This full 21 class bike show awarded championship rings to all the lucky winners.

Motorcycle Safety Lawyers® sponsored the event and was on hand to pass out **FREE** swag and check out all the custom motorcycles that entered the competition.

Godfather Custom Cycles Hosts Old School Chopper Show!!

What could be better than Bikes and Babes on a hot Saturday afternoon? Add in some HOT Custom Choppers, trophies, and a little friendly competition, and you have the makings of a great day! That's what happened on Saturday, October 18th at the [Godfather Custom Cycles Old School Chopper Show](#) in Edgewater, FL.

The competition was fierce with the bikes competing in categories for Best Paint, People's Choice, Best of Show and more! There was also a 50/50 raffle with the proceeds going to the Boys & Girls Club. All in all, it was a great day, and **Motorcycle Safety Lawyers®** was happy to be a sponsor of the event and pass out **FREE** swag to all the attendees.

"In The Fight With You" Car And Motorcycle Show

There is a young boy named Xander who is fighting a personal health battle. With much love and support of his **LAMA** family and friends, a special car & motorcycle show and ride was held in his honor on October 18th. LAMA chapters from all around Arizona rode in to show their love and support to Xander, who is fighting cancer.

Motorcycle Safety Lawyers® (MSL) David "Vegas" and Susanna Shuman sponsored and attended the event. **MSL** also commissioned a bench (made by Dana at **Metalwood Garage**) to be raffled off at the event. The winner was a LAMA member, who then donated the bench back to Xander so he could sit on it and enjoy it at his home. How cool is that!

Know that we are all fighting with you, Xander. Always positivity over negativity!

Xander saw the bench and as a huge Ford fan, fell in love with it. The bench now resides on Xander's front porch and provides a sanctuary where he can get away when he needs to escape to his own space.

Over 80% Of Our Community Does Not Have The Proper Motorcycle Coverage.

Why Are You Risking You And Your Family's Future?

Join David "Vegas" Shuman, CFO of **Motorcycle Safety Lawyers® (MSL)** as he discusses the importance of having the proper motorcycle insurance coverage to protect you and your family in the event of an accident.

"It doesn't cost that much more money to have the right protection", says David. "We want everyone to be aware of how much the medical costs, bills and lost wages could be in the event of an accident, and what type of coverage provides the most benefit. This is not something the insurance companies will tell you", explains David.

Unfortunately, it is far too common for insurance brokers and salespeople to tell you that you are "**Fully Covered**" when it comes to your motorcycle insurance. Sadly, it's far from the truth. You may meet the state's minimum requirements, but it

won't be enough to protect you and your family if you are involved in an accident.

There are many questions to answer in order to determine the proper coverage for different rider requirements and financial situations.

1. Have you made any modifications or customizations on your motorcycle, even if it was added by your dealer at the time of purchase? Perhaps a new sound system, custom paint job, etc. What is the total value of these modifications/customizations? Do you have receipts?

If your modifications/customizations are not specifically listed on your insurance policy, you could get near "zero" for them if your motorcycle is seriously damaged in an accident.

2. Do you ever take passengers for a ride on your bike, even for a short distance?
3. What accessories do you have on your motorcycle (LED warning lights, saddlebags, luggage rack)? What is the total cost? Do you have receipts?
4. What safety gear do you own i.e., helmets, pants, jackets, gloves, boots, air bag gear, radio, trauma pack and more? What is the total value? Do you have receipts?
5. What is the deductible on your health insurance policy?
6. Do you ride outside of your home state?
7. How much Uninsured Motorist coverage do you currently have?
8. How much Underinsured Motorist coverage do you currently have?
9. How much Medical Payments coverage do you currently have?
10. How much Accessory coverage do you currently have?

These are some of the questions that form the basis of determining the proper level of coverage that is recommended for you and your unique situation. I would welcome the opportunity to provide you with a **FREE** insurance evaluation, and it's easy to do. We do NOT sell insurance of any kind.

Simply email me the declaration page from your policy along with the answers to questions 1 through 6, at David@motorcyclesafetylawyers.com. I will review your information and tell you what you need to say to your agent to get the best possible coverage to protect you, your family, and the things you care about.

Please take advantage of this **FREE** opportunity **NOW** before you actually need it! When an accident does happen, it's too late to fix the problems with your insurance coverages.
