Chicagoland Toys For Tots 2025 Motorcycle Parade

This year the [Chicagoland Toys for Tots Motorcycle Parade](#) took place on Sunday, December 7th. It snowed the night before and continued early in the morning, but even with the snow and frigid temperatures, our biker brothers and sisters rode to bring toys for the children and help support this worthy cause.

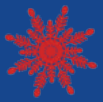

Santa arrived first with all his helpers and the motorcycles followed, filling up the parking lot and bringing truckloads of toys for the children. The Christian Motorcycle Association and ABATE were both nice enough to provide home-baked cookies, coffee, and hot chocolate to warm up the crowd.

[Motorcycle Safety Lawyers® \(MSL\)](#) was on hand to pass out **FREE** Swag to all the riders, assist wherever needed, and help support the event. As members of the Chicagoland Toys for Tots Motorcycle Parade organization, **MSL** supports all the great work they do!

Over 80% Of Our Community Does Not Have The Proper Motorcycle Coverage.

Why Are You Risking You And Your Family's Future?

Join David "Vegas" Shuman, CFO of **Motorcycle Safety Lawyers® (MSL)** as he discusses the importance of having the proper motorcycle insurance coverage to protect you and your family in the event of an accident.

"It doesn't cost that much more money to have the right protection", says David. "We want everyone to be aware of how much the medical costs, bills and lost wages could be in the event of an accident, and what type of coverage provides the most benefit. This is not something the insurance companies will tell you", explains David.

Unfortunately, it is far too common for insurance brokers and salespeople to tell you that you are "**Fully Covered**" when it comes to your motorcycle insurance. Sadly, it's far from the truth. You may meet the state's minimum requirements, but it

won't be enough to protect you and your family if you are involved in an accident.

There are many questions to answer in order to determine the proper coverage for different rider requirements and financial situations.

1. Have you made any modifications or customizations on your motorcycle, even if it was added by your dealer at the time of purchase? Perhaps a new sound system, custom paint job, etc. What is the total value of these modifications/customizations? Do you have receipts?

If your modifications/customizations are not specifically listed on your insurance policy, you could get near "zero" for them if your motorcycle is seriously damaged in an accident.

2. Do you ever take passengers for a ride on your bike, even for a short distance?
3. What accessories do you have on your motorcycle (LED warning lights, saddlebags, luggage rack)? What is the total cost? Do you have receipts?
4. What safety gear do you own i.e., helmets, pants, jackets, gloves, boots, air bag gear, radio, trauma pack and more? What is the total value? Do you have receipts?
5. What is the deductible on your health insurance policy?
6. Do you ride outside of your home state?
7. How much Uninsured Motorist coverage do you currently have?
8. How much Underinsured Motorist coverage do you currently have?
9. How much Medical Payments coverage do you currently have?
10. How much Accessory coverage do you currently have?

These are some of the questions that form the basis of determining the proper level of coverage that is recommended for you and your unique situation. I would welcome the opportunity to provide you with a **FREE** insurance evaluation, and it's easy to do. We do NOT sell insurance of any kind.

Simply email me the declaration page from your policy along with the answers to questions 1 through 6, at David@motorcyclesafetylawyers.com. I will review your information and tell you what you need to say to your agent to get the best possible coverage to protect you, your family, and the things you care about.

Please take advantage of this **FREE** opportunity **NOW** before you actually need it! When an accident does happen, it's too late to fix the problems with your insurance coverages.
